

Dominican Republic - Certification Requirements

Acts and Regulations

Dominican Council for Fisheries and Aquaculture (*CODOPESCA*) Law 307-04.

Labelling:

The authority does not require that the SIP verify that labels conform to regulatory requirements set by the Dominican Republic. The following is provided for information only. Exporters should confirm that labels satisfy all regulatory requirements before shipping.

Labels provide the following information in Spanish:

- the name and address of the manufacturer;
- the date by which the product must be consumed;
- the list of ingredients for processed fish products; and
- nutritional information

Tolerances and Guidelines

None specified.

Certification Requirements

None specified.
